

## Ordering information models

This document provides information to simplify the ordering of model panes. Besides a list of the various possibilities, you will find an overview of standard model shapes and a form for ordering them.

## How do I order models?

Below are the different ways you can order models.

### Digital file

You can enclose digital files for the model windows with your order. Autocad (dwg / dxf) files can be processed immediately. A longer processing time is associated with pdf drawing. Draw the model windows using suitable software e.g. autocad. Send the file together with your order to [mail@van-ruysdael.com](mailto:mail@van-ruysdael.com).

### Standard models

By choosing the right model shape and specifying the corresponding sizes, you can easily order model windows. On the following pages you will find an overview of models and a model order form.

- . Find the correct model in the overview of models.
- . Measure the indicated dimensions of the glass.
- . Fill in the model order form.
- . Send the order form by e-mail to: [mail@van-ruysdael.com](mailto:mail@van-ruysdael.com) or by post to:  
Van Ruysdael | 's-Gravensandseweg 11a | 2291 PE Wateringen | Netherlands.

### Physical mould

Sending a physical mould is possible. This service costs €50 per mould. Only moulds made of wood or hard cardboard with the exact dimensions to be cut out will be accepted. Paper moulds will not be accepted. Please state on each mould the order number, the position number and the view (inside or outside).

- . Send the templates to:  
Van Ruysdael | 's-Gravensandseweg 11a | 2291 PE Wateringen | Netherlands.

## Conditions

In all cases, the drawings or templates must contain the following information:

- . Width, height, number, (glass dimensions).
- . Radius and all necessary information, as applicable, to produce a model.
- . Inside and outside views must be clearly stated.

Van Ruysdael is in no way liable for the information supplied by the customer.
